FASCINATED BY THE SWIRL ITEMS—Harry Hewitt, Narberth, 7, of Narberth, listened with a mixture of delight and curiosity Saturday as Jeanne Russell, of Norristown, played for them before the Philadelphia Orangemen's parade in celebration of the 257th anniversary of the Battle of the Boyne. An all-day outing in Woodside Park followed the parade.

## Town Talk

By ANNE B. MCLELLAN  
The Boro's popular tax collector John R. Hall just can't stay away. Seems he and his family are vacationing in Ocean Grove, N. J. Wednesday he came up for the day to see what was happening in Narberth.

Mrs. George B. Supplee, of 315 Woodside Ave., Narberth, droye to Washington, D. C., Wednesday, to visit her son-in-law and daughter, Commander and Mrs. Robert Dowd. When she returns on Sunday, she'll bring with her her granddaughter, Barbara Claire.

Mrs. Samuel J. McCartney and her daughter, Mrs. Robert Leekley were both born on July 19. . . The McCartneys, therefore, will leave Friday for Westport, Conn., where the Leekleys live so that the two can have a joint birthday celebration.

Mrs. McCartney's niece, Mrs. Dan Landers, new baby son, Steven Merle Landers, born July 7 in Bryn Mawr Hospital is visiting her. . . Mrs. Landers is the former Betty Lou Weber, who lived with her aunt while in training as a nurse in Bryn Mawr Hospital.

Former Boro residents Mr. and Mrs. Wharton B. Carroll, who now live in Wynnewood, have returned from a three-weeks motor trip to Maine.

The Richard Burgstessers and their daughter, Jane, of Chestnut Ave., Narberth, recently returned from a week in Wildwood.

A group of enterprising Narberth girls hired themselves a brand new car and have driven to Canada for a two-weeks' vacation. . . drivers are Dorothy Wilson and Dorothy Beatty. . . the others are Mildred Clark, Lide Johnston and Helen Gara all Boroughites. . . and Mabel Yates of Germantown.

Wanda Heckel of 104 Chestnut Ave., Narberth, and her date, really worked for a swim on Sunday. . . Seems they had no transportation from the Wayne train station to Martin's Dam, so they hiked almost the whole way before a passing motorist took pity on them and gave them a lift.

## Play Equipment Speaker's Topic

B-C Lions Club Hears Hyde W. Ballard, Candidate

Hyde W. Ballard, candidate for Lower Merion Township School Director, told members of the Bala-Cynwyd Lions Club that every school yard in the township should be provided with first-class equipment by the School Board without any pressure from outside groups. Speaking at a meeting of the group Tuesday night, Ballard stated:

"Every school yard in the Township should have first-class play equipment similar to that which was recently installed at the Cynwyd School. It is regrettable that pressure had to be brought on the Board by organizations such as yours, the Cynwyd Parent Study group and the Bala-Cynwyd Neighborhood Club to obtain this equipment."

"It should have been provided long before this by our board as a necessary part of the educational program of the school system."

Commenting on the value of parent-teacher relations, Ballard said: "The Board should be more sympathetic."

## SPORTS SCENE

By JACK FORD

News that John J. (Jack) Hinchey had been appointed Lower Merion High's head basketball coach was welcomed by most Main Line fans, even as they mourned the loss of Ollie Robinson.

Hinchey, one of Bill Anderson's most apt pupils, long had seemed the logical choice to succeed Andy if the latter ever left L. M. Jack, however, was in the Army when Anderson resigned to accept the athletic directorship at Lafayette College.

Consequently Ollie was tapped. Robinson never was too keen on the job, but he stepped into basketball's biggest shoes without asking any favors. In his first season, Robinson guided Lower Merion to a tie for the Section One title after a

miserable beginning. The Ardmore Aces later subdued Upper Merion in a thrill-packed playoff.

The wolves were on Ollie last season and Lower Merion didn't fare too fortunately. With most of the previous year's Section One title team lost, L. M. floundered almost from the outset. Robinson probably wasn't too deeply disappointed when Hinchey put in an appearance. It's no joke, son, running a basketball team. . . and in Lower Merion they take the sport seriously. Anderson made 'em that way.

## Report Two New Paralysis Cases In Haverford

Narberth Boro and Lower Merion Remain Free of Disease

While two new cases of polio appeared this week in Haverford Township, the picture remained clear in both Lower Merion and Narberth, according to the Boards of Health of the two communities. The new cases were:

Mrs. Jane Tickner, 516 Virginia Ave., Manoa.

Michael Peter Corbett, 6, 2433 Merwood Lane, Merwood.

Mrs. Tickner became ill shortly after her eight-year-old son, Alex M. Tickner, Jr., returned home from Doctors' Hospital, dismissed after doctors there disagreed about diagnosis. "Sandy" was taken ill three weeks ago, but came home after it was decided he "definitely did not have polio." His mother remained with him all the time he was in the hospital. Saturday she herself fell ill, and on Tuesday night she was taken to Delaware County Hospital. Her husband, late Wednesday night, described her condition as "not so good."

Michael, son of Mr. and Mrs. William P. Corbett, first became ill on July 8. On July 11 he was taken to Fitzgerald-Mercy Hospital, and on July 15 the Board of Health was notified that his case had been diagnosed as polio. At present time his parents reported that his condition was "very good indeed," and that his case was believed to have been a very light one.

Of the three cases in Haverford Township last week, only one remains under care. She is 14-year-old Jacqueline Bradley, 227 Merwood Lane, Meron Golf Manor, who is reported recovering in Bryn Mawr Hospital.

## Forrest May Be Organization Hope To Lick Smillie

E. Arnold Forrest, Conshohocken attorney, it appeared yesterday, will be the candidate that the Montgomery County Republican Organization is preparing to enter against the district attorney incumbent, Frederick B. Smillie.

Talk of Forrest's candidacy came out of a clear sky as political bets at the beginning of the week were that the Organization would wind up by placing Smillie on the ticket.

Forrest, who is president of the Montgomery County Bar Association, is expected to have the backing of its members, the majority of whom have been after Smillie's scalp for some time. Forrest is also solicitor for the Montgomery County commissioners. It now remains to be seen whether Smillie will make good his threat to place part of another ticket in the field if he doesn't receive the Organization's endorsement.

Heated discussion by residents of Manor Rd., Penn Valley, marked a public hearing Wednesday night on a proposal before Lower Merion Township commissioners to open and make it public.

Property owners, who would be required to pay fifty percent of the cost of paving and curbing the road, protested that they prefer it in its present unpaved condition.

"This is no time to pave a road, with building costs and material costs as they are now," one taxpayer stated.

## HOSPITAL VIEWPOINT:

## Two Local Hospitals Believe They Are Meeting Minimum Wage and Hour Standards for Nurses

Editor's Note: This is the first of a series of articles on nursing conditions and wages in this suburban area. This gives the hospitals' viewpoint. Next week's article will deal with the nurses' viewpoint.

Hospitals in this area, are facing the demands of the Pennsylvania State Nurses' Association on minimum wages, expressed confidence this week that their pay scales already meet requested standards.

Delaware County Hospital, producing figures, showed how its wages stack up beside those of the professional nurses' association scales. Bryn Mawr Hospital declined to give figures but claimed its staff was "happy and well satisfied."

The association, in a release from Harrisburg headquarters, asked \$180 per month for staff nurses, \$205 for head nurses and \$280 for supervisors, to go into effect October 1. Also asked was a 44-hour work week, six paid holidays and 21 days vacation.

"These standards still do not equal those already in effect in New York, or even in Veterans Administration hospitals in our own state," reported Letitia Wilson, R. N., president. "These figures are as conservative as possible."

Charles S. Paxson, Jr., supervisor of Delaware County Hospital, who is also president of the Philadelphia Hospital Association, said that Delaware County pays a minimum \$120 for staff nurses.

"This is only part of the picture, however," he pointed out. "It would be hard to figure three meals a day at less than \$50 or \$60 dollars a month; impossible to rent a room under \$25—if one could be had. Laundering uniforms, at 50 cents a piece, comes to at least \$5. That way, the figure goes over \$200. But—and this is little understood, also—if we paid that figure, an additional \$40 a month in income tax would be deducted. On that basis, we

feel we are paying reasonable wages."

Paxson also said that nurses at Delaware County Hospital have worked a 45 hour week for five years.

He joined other hospital officials in the belief that a 40 hour week—which the association hopes to see enforced by 1948—is an utter impossibility.

## Woman Returns \$1000 Diamond Ring Left in Washroom "By Mistake" Owner

Lower Merion police, going poor old Diogenes one better, this week found an honest woman.

Frank Opfel, 1515 Braddock St., Spittsburg, Pa., reported to police on Friday night that he was missing a \$1000 diamond ring. Hanging his head a little, he said he'd gone—entirely by mistake—in the woman's rest room of the Atlantic Gas Station at 54th and City Line Ave.

He removed the ring while washing his hands, and left it on the wash-stand. Attendants told police they had not found the ring, and an investigation was begun.

At 6:10 P. M. police got another call—from Mrs. C. O. Hyde, 1120 East D St., Tacoma, Wash., registered at a Philadelphia hotel. Mrs. Hyde had the ring, all right. Wife of an executive of the Marine Iron Works, Tacoma, she was en route to Philadelphia and a vacation when she visited the washroom at the Atlantic station.

The finder does not, however, share the police's faith in the relative honesty of human nature. Reason she didn't just turn the ring over to the station attendants, she reported, was that she had had "unfortunate experiences with gas station attendants" before.

## OPENING OF PARKING LOT COST TAXPAYERS \$160

Opening of a new public parking lot at the rear of 102 Conway Ave. on June 30 cost the Borough \$160, it was disclosed Monday.

William P. Davies, chairman of the Borough Council property committee, reported that the money was spent for grading, labor, cinders and a sign which told patrons of the lot that daytime parking only was permitted.

## Narberth Faces Listless Primary; No Contests Seen for Vacancies

Narberth Borough this week faced the listless prospect of one of the quietest primaries in its political history.

Unless former Magistrate Fred C. Walzer returns to take up some kind of cudgel or citizens bestir themselves, there are good indications that neither the Republicans or Democrats will have any contests for party nominations.

If anything is going to happen to challenge the power of the local organization lineup it will have to happen quickly. Monday, July 21, is the last date on which nomination petitions can be filed.

Three positions are to be filled on the Borough Council and four on the School Board.

Councilmen whose terms expire this year are Robert M. Cameron, William P. Davies and Franklin Hutchinson. Cameron and Davies are running for re-election, but Hutchinson is retiring.

For the Hutchinson vacancy

Charles Nevns, steel company salesman, of 403 Woodside Ave., is circulating petitions for the Republican nomination.

Directorship that J. L. McCrery left the School Board, one of them rigan will be candidates again, but open when he resigned on July 1. The other three school directors, whose terms will expire, are Mrs. W. G. Briner, C. Y. Narrigan and C. H. Nold. Mrs. Briner and Narrigan will be candidates again, but Nold is retiring.

There is one candidate in the field for the Republican nomination of school director. She is Mrs. Ingeborg Thaysen Bobb, of 131 Haverford Ave., wife of Frederick M. Bobb, Jr., magazine writer. The couple has a daughter, Joan, eight. Mrs. Bobb was president of the Narberth Junior Women's Community Club from 1943 to 1946. She is the daughter of Mr. and Mrs. Carl A. Thaysen, of Cynwyd.

## 2 Held in Theft Of Cemetery Pipe

One Philadelphia Man Released When He Made Restitution

Two Philadelphia men were held on larceny charges by a Lower Merion magistrate this week, on charges of stealing lead pipe from the West Laurel Hill Cemetery.

Robert Mayo, 26, of 1425 West Norris St., Philadelphia, made restitution and was dismissed by Magistrate Joseph B. Allen Monday night. Carl A. Sampson, 25, of 1639 North Gratz St., Philadelphia, was held in \$500 bail when police learned he had a previous record of larceny.

Lower Merion detectives charged that on two occasions the men took 6-inch lead pipe, belonging to the Pencoyd Iron Works, using a blow-torch to cut the pipe into short lengths.

The pipe was first reported missing on July 9. On July 12, cemetery employees called police and reported seeing the truck and the two men on the premises.

## 32 Traffic Deaths Listed in County

County Coroner Reports On Fatal Accidents First Half of Year

Thirty-two persons were killed in traffic accidents in Montgomery County during the first six months of 1947.

This compares with 33 deaths for the same period in 1946. The figures were released this week by Miss Dorothy Robbins, secretary to Montgomery County Coroner W. J. Rushong, who said that the present figure is exactly one half of the total deaths from traffic accidents in 1946.

During the last six months, the coroner investigated 236 deaths, of which 134 were from natural causes.

Highest month for fatal automobile accidents was March, with nine. June ran a close second, with eight. Other months' totals were: January, five; February, three; April, three and May three.

There were eight fatal industrial accidents during the first half of

William S. Thompson, chairman of Narberth Borough Council's highway committee, reported Monday night that the committee authorized expenditures amounting to \$1718.95 for work during June.

Work done included: ash and trash collection, street cleaning and maintenance, repairing streets, ditching, cleaning storm sewer inlets, renewing stone wall at storm water outlet, work on baseball diamond, painting white lines on Haverford Ave., work for the dog show, leveling parking lot, miscellaneous work, and rent of road roller for baseball diamond and street repair work.

## Council Beset With Complaints From Residents

Claim Burning Embers, Black Smoke, Odors Engulf Homes

Smoke from incinerators of apartment buildings in Narberth brought a cloud of complaints to Borough Council at its regular meeting Monday night.

Several residents, who live in the immediate vicinity of two of the apartments, stated that burning bits of paper, black smoke and obnoxious odors engulfed their homes every day and had done so for years.

George B. Supplee, Borough building inspector, stated that during the past several months both he and the fire chief had made repeated inspections of the buildings.

The trouble is caused, he stated, by the fact that the buildings are equipped with only one incinerator, built to handle only paper, but which is being used to burn all trash and garbage discarded by the tenants.

He also pointed out that he had sent a letter to one of the apartment managers stating that grates on the incinerator of his building were worn and would have to be replaced.

Supplee stated that he had gone as far as he could in the matter without councilmanic ruling on the matter of garbage collection for the apartments.

According to an old agreement reached between the apartment managers and members of Council, the Borough is not required to collect the garbage from the buildings, a factor instrumental in lowering the assessment of the apartments.

Henry A. Frye, Borough solicitor, pointed out that if the building managers were ordered to stop burning garbage in the incinerators and have no other means of disposal, the Borough will be forced to collect the garbage and hold the apartment liable for costs.

Another solution, suggested by Supplee, would be for the apartment houses to install a second incinerator for the express purpose of burning the garbage.

Letters, signed by Supplee, were sent out this week to the apartment managers, notifying them that the garbage-burning must stop and of the action the Borough will take if the notice is not heeded.

## Blonde Model Who Stole for Love Fined \$1 and Paroled by Court

The Ardmore blonde who stole \$1000 worth of jewelry from a neighbor was fined \$1 and costs, and sentenced to 40 days in jail by Judge Corson, Friday.

Because Mrs. Helen King had already spent the 40 days in County Prison while her case was being investigated, the court released her on parole at once. When first arraigned she told the court her "love for her husband" led her to steal.

But Mrs. Mary Constance Dougherty, mother of two, from whom Mrs. King took the jewelry in September, was not happy about the verdict.

"I haven't even got my jewelry back," she reported, "and it doesn't look as if I ever will. The only things Mrs. King hadn't sold were the gold riding-drop pin by which I recognized her as the thief and an old gold watch chain of very unusual design. Police returned those Monday night. But I guess the rest is just 'gone with the wind'."

"It must be nice to be young and good looking, and get all the

sympathy," she added. "As for me, all I want is my jewelry."

According to detectives, a part of the jail sentence was restitution of the stolen articles. Since Mrs. King declared on the day of her arrest that she could not recall where she had sold the three diamond rings, one an engagement ring, and the gold wrist watch, Mrs. Dougherty's only recourse is to take the case to civil court.

Mrs. King's husband, Bernard, 22, testified on June 6 that he was responsible for his wife's thefts. Admitting he was a "good-time Charlie" since his return from service, he sabbily told the court that he hadn't worked and had hunted her for money.

On Saturday, King, whom the Judge said appeared to be a new man, reported that he was working steadily as a house painter. Both he and his wife said they had learned "a lesson we'll never forget" and were dismissed as Corson said that the girl's worst offense was in apparently loving her husband too much.

### CHOOSING A CAREER

By DR. L. F. DYTRT  
Dean Keystone Electronic Schools

When the time arrives for an individual to choose the type of work he wishes to do there are several things to be considered, chief among which are: 1. Requirements of the field, regarded especially in terms of personal traits. 2. Instrumentalities affecting entry upon a field of endeavor. 3. Opportunities in the chosen field.

In contemplating these three factors applicability thereof will be taken relative to the electronic field, this being comprised of radio reception and transmission, sound recording, television and industrial applications.

Objectively the first point raised should bring out such factors as ability of an individual to work with his hands and his possession of patience, self-confidence and individualism, since these would constitute, ordinarily, adequate qualifications for work in most phases of the field.

Under the second point appear considerations of a largely personal nature such as one's resources, education and the time devotable to further study. Noteworthy here is that practically all state colleges and universities now carry courses in electronics; some public

# Manoa Nine Will Invade Narberth on Saturday; Hillers Play Yunkers

By HARRY ELLSWORTH  
Drexel Hill pulled to within a half game of Narberth in the tight Eastern Division race, while Wayne, sporting a six-game winning streak, took over first place in the Western Division of the Main Line League, last week.

Narberth split a week-end bill while the Hillers were winning their fourth and fifth straight. Their charges of Joe Irvin, lodged in fourth place earlier in the season, enjoy a rather easy week-end, playing host to West Manayunk on Saturday in their only start.

Narberth, on the other hand, plays Manoa at Narberth on Saturday. The Manoa are in third place, a game and a half off the pace. In the two previous meetings, the Boroughites faced Frank Matthews' team, but, if pitching power can be found, Manoa can make it mighty tough for Narberth.

On Sunday afternoon, Narberth travels to Berwyn to play the Western Division's second place nine. The Clarks, taking the Western section from the starting gun, but three straight losses and Wayne's terrific surge placed them a game off the pace.

Manoa, still a factor, will entertain Collegeville on Sunday afternoon. The Superiors have lost 12 straight games and are deeply entrenched in the Western Division cellar.

Wayne plays host to West Chester on Saturday and visits the East's cellar occupant, West Manayunk, on Sunday. Manager Mickey Gavin, who has been over the way his team has started to hit, will send Harry Dessert and either Jim Hickey or Joe Byrne to the mound.

Gladyne plays Edinboro's in-and-out Ardmore Lions at Ardmore on Saturday and will meet Chester's West Chester club at Gladyne on Sunday.

The remaining Sunday contest sees Norristown, with Hal Tyson throwing, playing at Ardmore.

Although touched by 15 hits, including five doubles, Charlie Gunther struck out 17 Gladyne batters as Narberth nosed out the Newburg-managed nine, 9-8, at Narberth on Wednesday.

Gunther's fanning bee set a new season's mark, but fell five short of a league record. The Narberth ball park was inaugurated on the night baseball was inaugurated on the Main Line.

Archie DiGiola, former Ardmore first baseman, now with Ken Keen, veteran Gladyne third baseman, and leading Gladyne hitter, asked for and received his release.

Wayne, hottest club in either section of the league, was further strengthened with the return of Bobby Camas, a former Ardmore hitter and fielder, is attending Bucknell University.

Collegeville, sorely in need of any relief it can obtain, has added Hen Fogel, a pitcher.

When Hubert Smith and Duke Snyder formed Gladyne's battery against Drexel Hill on Saturday, it was one of the youngest pitcher-catcher combinations to perform in the Main Line League. Smith is 17 and Snyder, a recent graduate of Haverford High, was Snyder did the backstopping at Episcopal Academy last year. Although wild, Smith showed lots of promise as Manager Vic Norristown started his "back to youth" movement at Gladyne.

Drexel Hill will have to climax its annual fight with Narberth and Manoa without the benefit of a home field. The Township Road and Burmont site has been sold and will be used to erect a Catholic church. Joe Irvin and his ladies must be off the grounds by August 31, and any remaining Hiller home games will probably be rescheduled for the opponent's field.

## Loop Campaign Ends Next Week For Nunan Nine

Nunan-Sloop Post baseballers, with a record of 17 victories in 18 tries, will conclude their battle for the Eastern Delaware County American Legion League title next week. The Okmokers will play Glenolden at Veterans Park Tuesday evening, and travel to Lansdowne on Thursday.

Joe Petron's lossers turned aside three more league foes last week to lengthen their victory streak. Ace Bell stole home in the seventh with two out as Lansdowne bowed, 6-5, Tuesday. In other games, Glenolden was beaten 1-0 and Collingdale fell, 9-5. Against Collingdale, Gulliani singled with the bases loaded to score two Nunan runs.

## Top Teams Win Mont-Del Tests

Due to rain, the Mont-Del League schedule last week was whittled down to three games, but enough happened in those three to keep things from getting too dull. The three games brought together all the first division clubs, and the net result was that all four teams are still running in the same position they were before the games were played.

Headline contest was played Friday night at Narberth when the title-defending St. Margaret's nine made its bid to unseat Good Counsel, of Bryn Mawr, as the leader of the circuit. Good Counsel had been having a rocky time of it in recent games, but bounced back in true championship form to up-end the home clan by an 8-0 score.

All games scheduled for Monday night were rained out, and those listed for Wednesday were rescheduled and will be played next week.

Ray Desert came within one hit of a no-hitter in shutting out St. Margaret's Friday night. The lanky right-hander gave up a single to Albie Becker to lose a perfect game.

Joe Burns had three singles to pace the winners' nine-hit attack. Vic Mauck had a double and a single.

**Narberth Man Wins Stone Harbor Race**  
George J. Mehl, of Narberth, triumphed again Sunday in the second of the Stone Harbor Yacht Club elimination series to determine the two skippers who represent the resort in the International Comet Class championship in September.

Sailing the Comtesse, Mehl covered the course of 6 1/4 miles in 1 hour, 26 minutes and 37 seconds. Jack Boehminger, of Drexel Hill, was third in the 11-11-11.

**RACE AT SELINGSGROVE**  
Big car auto racing will return to the Selingsgrove Fair Grounds Saturday afternoon, July 28. The events have been sanctioned by the contest board of the American Automobile Association. Many of the country's outstanding speed chasers, including Bill Holland and Ted Horn, are expected to enter.

In another league game Friday, Wayne Roberts hurled the Brooks to a 15-5 victory over Ardwood. Bob Dougherty, former West Catholic High and Penn athlete, closed a home run with the bases loaded for Edwin Wilson, Jr. George Shuler and Ed Nietterhoff also starred with three hits each.

The victory enabled Brookline to again tie the Merion for the league lead. In games this Friday, Brookline encounters Ardmore, Penned Downs plays Ardwood, Westgate Hills meets Penned Downs and Merion tackles Penn Wynne.

## M.L. Girls Host to Scout Delegates

Mrs. Malvin Wallace  
To Give Dinner at Home in Merion

Main Line residents will join in entertaining more than 20 foreign delegates returning from the Girl Scout 35th Anniversary International Encampment at Camp Barre, Pa. They will include Mrs. Malvin B. Wallace, vice-president of the Philadelphia Girl Scout Council, who will give a dinner for the visiting delegates at her home, 739 South Highland Avenue, Merion, on July 22.

Girl Scouts living on the Main Line, who will have delegates as their house guests for Monday and Tuesday nights, July 21 and 22, are: Bee Harris, 1028 Montgomery Avenue, Narberth, who will entertain Michele Ball, delegate from Haiti; Sue Parron, 223 Essex Avenue, Narberth, whose guest will be Rachel Claris, of England; Jane Steiber, 1314 Flatrock Road, Penn Valley, who will have two guests, Alice Zannos, of Greece, and Joan Clara Lawrence, of Newfoundland; Marty Vogeler, 590 Hansel Road, Wynnewood, will be hostess to Hanne Kording, of the Netherlands.

The foreign visitors are coming to Philadelphia after attending the three weeks' International Encampment. The foreign guests represent 21 European, South American and Central American countries, as well as Canada and Newfoundland. Seventy-three teen-age Girl Scouts made up the American contingent representing every State and the Canal Zone, Puerto Rico and the Hawaiian Islands.

The Philadelphia Girl Scout Council, a Red Feather Service of the Community Chest, has been designated as official hostess for the visiting delegates in this city, and has planned a two-day program of sightseeing, luncheons and other events.

## CARS ON INCREASE

3A SURVEY SHOWS  
Motor vehicle usage as measured by gasoline consumption, showed a big increase during 1946, according to Thomas L. Shepherd, manager of the Automobile Club of Chester County.

In the State of Pennsylvania alone Mr. Shepherd pointed out, during the past year a total of 1,245,957,000 gallons of gasoline were consumed for highway use, an increase of 407,395,000 gallons, or 32.7 percent over 1945.

"For the nation as a whole," he continued, "American Automobile Association statistics show that motor vehicles burned up the high total of 19,339,492,000 gallons, a gain of more than 6,500,000,000 gallons or 33.8 percent over the preceding year."

As a host you ought to be flattered if your guests hang around until three o'clock in the morning. Or are we wrong?

## ELEPHANT BABIES ARRIVE

Two adorable young elephants have just arrived at the Philadelphia Zoo. Peggy and Patsy are their names. They left their native Ceylon on May 12 and have been traveling ever since. The last lap of their journey was made via truck from New York.

Both are Indian elephants and both are of the gentler sex. Each of the newcomers is estimated to be about two and a half years of age. Each weighs about 1700 pounds.

## HOME FOR THE AGED

**Bill's retired**

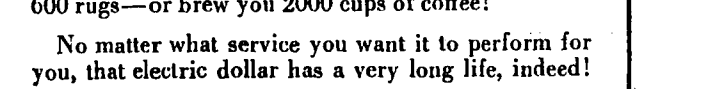

And he's only six months old! Yes, the Treasury Department says the average dollar bill holds up only about half a year before it goes to pieces!

But any housewife can tell you the life expectancy of a greenback is even shorter than that. When a dollar goes to market nowadays, it lasts hardly any time at all—and seems to buy less and less of everything!

Everything but electricity, that is! Because the service you get for your electric dollar is just about the biggest bargain in your budget. If yours is an average family, that dollar buys you twice as much electricity as it did 15 years ago!

Break it down into terms of service, and that little greenback lasts a long while. On a national average it can run a radio for about 100 evenings—or do your family wash 50 times—or tell you the correct time for more than a year and a half! It'll even vacuum clean 600 rugs—or brew you 2000 cups of coffee!

No matter what service you want it to perform for you, that electric dollar has a very long life, indeed!

Listen to the Summer Electric Hour with Woody Herman and Peggy Lee and Dave Barbour's Orchestra, Sundays, 4:30 P. M., WCAU.

## Hollywood Designer Objects to Sloping Shoulders, Padded Hips

The American woman is being bullied into looking dowdy, dumpy and downright fat by "certain fashion forces," according to Adrian, noted Hollywood designer. And in a free country, where "we do not have to be dictated to in any way."

In a speech introducing his new Fall collection of fashions to buyers from all parts of the country, Adrian, who was responsible for the padded shoulder, emphatically declared his opposition to letting the pads slip down to the hipline, as Paris designers and some New York designers are doing.

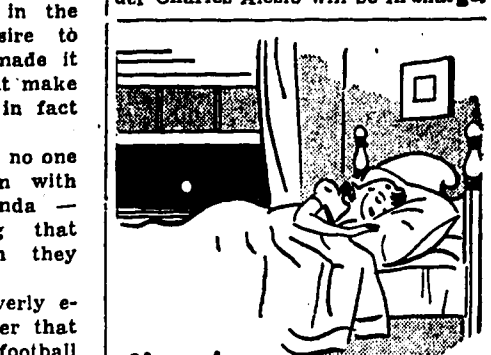

He said: "I prefer women to look slim and elegant rather than dowdy and dumpy. I cannot prescribe to the sloping shoulders or the padded hips. If there are women today who want to look that way, there are enough designers who are charmed by this fashion to satisfy them. I leave it to them."

"But why any woman would want to return to ugliness for the sake of change is more than I can comprehend. The lampshade hats and tied-in-the-middle figure are not only ugly but offensive, the dowdiest period of fashion history. We cannot turn aside in our streamlined lives and return to that. It would cancel out all the strides American fashion has made."

"No one likes a new look more than I do. But that new look must be helpful to the
